

Parent Consent Information and Consent Form

1. Local Trips

At Kingston Community School we aim to make learning practical, fun and interesting for the children. We go on educational trips throughout the school year within the local area such as to the local park, the library or a local shop. Most visits are within walking distance although some may require using public/private transport such as trips to the local cinema or theatre.

We will inform you of any trips we are making before we go but request your permission to take the children on these exciting trips on this form rather than each time a trip takes place. Please note any trip over 1 mile from school will require an additional trip consent form and/or consent via our school website/email system.

2. Photography and filming

During your child's time at KCS we will take photographs of activities that involve your child's learning. The photographs will be used to support our assessments of your child and to record their progress. In addition, they may be used for displays, publications or on our school website (which is a secure protected site), Chapel St Community Schools Trust or by local newspapers.

Photography or filming will only take place with the permission of the Head of School or Executive Principal, and under appropriate staff supervision. When filming or photography is carried out by the newspapers/media, children will only be named if there is a reason to do so (e.g. they have won a prize), and surnames and home addresses will never be given out.

Before taking any photographs of your child, we need your permission to do so. You may withdraw your consent at any time and may also highlight if you only wish for photographs to be taken for school usage only on the form below. Please note that photography of children is safeguarded by the school's secure web space; Metropolitan Police Website Secure Platform and the Data Protection Act.

3. Medical Intervention

We also require your signature to allow us to provide medical intervention if the need arises. In the event of your child being injured or ill the attending medical team will allow the Executive Principal; Head of School or teacher in charge (with your permission) to consent to medical treatment if there was a delay in parent/carers arrival i.e. parents being unable to travel from workplace due to a transport delay. This would only happen if the medical team felt that a delay would endanger your child's health and safety. In event of emergency, we require your consent on the form below.

4. Internet Guide and Safety

We use a growing range of technology to support the children's learning across all areas of the curriculum. The internet is a fantastic resource and, in school, teachers will guide pupils towards appropriate materials with inappropriate sites access denied through our safe and secure learning platform. Outside of school, families bear the same responsibility for such guidance and information is available should you require this both in your child's home school planner and information leaflets for parents. In order for your child to be allowed access to the internet at school to support their learning, we require your consent on the form below.

PARENTAL CONSENT FORM FOR SCHOOL ACTIVITIES AND EMERGENCIES

Name of Child: _____

1. I give permission for my child to attend local trips as described overleaf: **Yes/No**
